MEMORANDUM FOR DIRECTOR, MILITARY PAY OPERATIONS, DEFENSE
FINANCE AND ACCOUNTING SERVICE (PM/CL)

SUBJECT: Interim Change to the DoDFMR, Volume 7A, Regarding Subsistence Allowances
(DFAS Item K-53)

Attached is Interim Change **24-04** to Chapter 25 of the Department of Defense Financial Management Regulation (DoDFMR), Volume 7A. It is effective immediately. This change is a complete replacement for Section 2501, Basic Allowance for Subsistence (BAS). This rewrite removes references to Partial BAS and incorporates the universal entitlement to BAS for both enlisted members and officers. This change includes the new BAS II entitlement although, it has not as yet been adopted by any of the military Services. Finally, this change is not meant to have any effect on the current policies or practices with regard to entitlement to BAS for Rations in Kind Not Available, however, it is expected that this entitlement will be terminated on December 31, 2004.

We have evaluated your comments on the proposed change and included your comments where appropriate. Assignment of the interim change number is your authority to initiate procedural modifications to implement this change. Use the attached to initiate the formal change to the DoDFMR, Volume 7A.

Subsistence Allowances

1. Replace the existing description for the following items in the listing of definitions for this volume:

21. Basic Allowance for Subsistence (BAS). Cash allowance payable to officers and enlisted members for the purpose of subsisting themselves. Payable at all times when entitled to basic pay after completion of initial military training, except as otherwise prohibited by law.

30. Commuted Rations. The value of in kind government subsistence (rations) converted to a cash equivalent payment.

62. Government Mess. A dining facility supported wholly with appropriated funds that provides meals or rations to military members subsisted in kind or sold at food cost. The term includes the following activities; general mess, wardroom mess, officer's mess, chief petty officer's mess, field mess, dining hall, dining activity, dining facility, mess hall, galley, field kitchen, flight kitchen, or similar terms used to describe dining facilities funded totally by appropriated funds. It does not include activities operated with non-appropriated funds such as officer's club, enlisted club, squadron mess, organized mess or similar terms, except when those activities provide meals or rations under contract or agreement with the applicable operating and food costs borne by appropriated funds.

93. Rations in Kind. Meals or rations furnished by or on behalf of the government at no charge when Basic Allowance for Subsistence or commuted rations are not otherwise payable to a member in a pay status.

102. Separate Rations. This term is obsolete. The monetary rate it represented is now superceded by the standard rate of Enlisted Basic Allowance for Subsistence.

2. Replace the entirety of Chapter 25 with the following pages.

★CHAPTER 25★

SUBSISTENCE ALLOWANCES2501 BASIC ALLOWANCE FOR SUBSISTENCE

250101. Entitlement. Except as otherwise provided by law, each member of a uniformed service entitled to basic pay is entitled to a Basic Allowance for Subsistence (BAS) subject to the conditions set forth in this chapter.

250102. Eligibility. Upon completion of initial basic military training, unless otherwise restricted as described in this chapter, a member becomes entitled to one of the following monthly BAS rates based upon their rank and circumstances.

A. Officer BAS. A single rate of BAS applies to all officers.

B. BAS for Enlisted Members. Enlisted members are entitled to one of the BAS rates listed below. Prior to January 1, 1998, enlisted members could have been subsisted in kind by the government in lieu of a BAS payment. From January 1, 1998 through December 31, 2001, enlisted members could have been subsisted in kind by the government with only a partial BAS payment. The BAS II rate was established October 6, 2003.

1. Enlisted BAS. This is the standard rate of BAS to be paid enlisted members unless they qualify for and proper authority approves a higher rate of BAS.

2. Enlisted BAS II. Enlisted members on duty at a permanent station and assigned to single (unaccompanied) government quarters, which do not have adequate food storage or preparation facilities, and where a government mess is not available and the government cannot otherwise make meals available, may be entitled to BAS II. The rate for BAS II is fixed at twice the rate for standard enlisted BAS. Currently BAS II has not been authorized by any of the Military Services.

3. Rations in Kind Not Available (RIKNA). Enlisted members on duty at a permanent station where a government mess is not available or where it has been determined that it is impractical for the government to make meals available may be entitled to the RIKNA rate. The RIKNA rate is being phased out and has not increased since January 2001.

C. Continuity of Enlisted BAS Entitlement

1. Enlisted members continue their existing BAS entitlement without interruption upon discharge or retirement if reenlistment or recall to active duty is completed at the same station within 24 hours.

2. Enlisted members continue their existing BAS entitlement without

interruption during weekends, holidays, administrative absence, pass, or liberty (not including leave).

3. Enlisted members receiving RIKNA at their permanent station who are hospitalized or are otherwise temporarily assigned to duty away from their station continue that entitlement without interruption.

D. Enlisted BAS in Specific Situations. The following policy will be used in determining the rate of BAS to apply in specific situations.

1. Enlisted BAS rates will be applied uniformly for all enlisted members under similar conditions permanently assigned to the same installation, station, base or ship. The installation commander/commanding officer will ensure the uniform application of BAS rates for members under similar conditions, whether from a single Service or more than one Service. If there is conflict between Service directives that prevent uniform application of BAS, the commander/commanding officer will report the differences, through appropriate channels to the Secretaries concerned who shall confer to ensure uniform determinations on the authorized BAS rate.

2. Enlisted members on authorized leave (including proceed time, authorized delays en route between duty stations chargeable as leave, and convalescent leave) are entitled to the standard Enlisted BAS rate, regardless of the BAS rate authorized at their permanent station.

3. Enlisted members performing PCS travel (including TDY/TAD enroute) under orders away from their designated post of duty are entitled to the standard Enlisted BAS rate, regardless of the BAS type authorized at their previous or subsequent permanent station.

4. Enlisted members receiving BAS II at their permanent station who are hospitalized or performing regular or permissive TDY/TAD (including field duty, sea duty, essential unit messing, or group travel) under orders away from their permanent station will revert to standard Enlisted BAS for the period of absence from the permanent station.

5. Enlisted members receiving RIKNA at their permanent station who are hospitalized or are performing regular or permissive TDY/TAD (including field duty, sea duty, essential unit messing, or group travel) under orders away from their permanent station (not associated with PCS travel) will retain the RIKNA entitlement they held at their permanent station.

6. Enlisted members carried in a missing status are entitled to BAS at the RIKNA rate. (See Chapter 34, paragraph 340302, of this volume.)

7. Enlisted members receiving the standard enlisted BAS rate are entitled to a supplemental subsistence allowance when conditions at their permanent station are determined to warrant BAS at the RIKNA rate for any meal certified as missed due to assigned duties or meals unavailable from the government mess. Missed meals may be certified under the circumstances and authorities listed in subparagraphs 250102.E and F, below.

E. Enlisted Supplemental Subsistence Allowance. The supplemental subsistence allowance is a prorated per meal payment that, when added to the standard enlisted BAS rate, brings total BAS payments up to the RIKNA rate. It may be used at a permanent station when meals that normally would have been available in a government mess are temporarily not available. The supplemental subsistence allowance will be provided to enlisted members receiving the standard Enlisted BAS rate upon proper authorization under the following conditions and the authorities described in subparagraph 250102.F,below.

1. The supplemental allowance may be paid when proper authority has determined that temporarily assigned duties or working hours make it impracticable to obtain certain meals from a government mess; or

2. The supplemental allowance may be paid when proper authority has determined that a government mess is, in fact, not available for a day or part of a day. (Example: facility is closed as a result of power failure or equipment malfunction.)

F. Determinations of Government Mess Non-availability or Impracticability. The following authorities may make determinations and approve BAS at the RIKNA rate:

1. When a Government Mess Is In Fact Not Available. The installation commander will determine if a government mess is not available for enlisted members performing duty at that installation.

2. When Location of Government Mess Makes Its Use Impracticable. Commanding officers/commanders may determine if the location of a government mess, in relation to an enlisted member's usual post of duty, makes its use impracticable. See Table 25-2 for policy guidance and rules for making such determinations.

3. When Duty Prevents Use of Government Mess. Commanding officers/commanders or their designees may determine if unusual duties or unusual work hours prevent an enlisted member from eating specific meals in a government mess. See Table 25-4, rules 5 and 6 for criteria.

4. When Mission Prevents Use of Government Mess. The Secretary of the Military Department concerned (or designee) may determine if use of a government mess would adversely affect an assigned mission.

250103. Payment. The BAS entitlement is paid as a monthly rate. Supplemental BAS, when authorized, is paid as a per meal addition. Effective January 1, 2004 the rates for BAS are as follows:

- A. The monthly BAS rate for officers is \$175.23
- B. The monthly BAS rates for enlisted members are:
 - 1. Enlisted BAS (standard) - \$254.46
 - 2. Rations in Kind Not Available - \$262.50
 - 3. BAS II - \$508.92
- C. Supplemental BAS rates for enlisted members with missed meals are:
 - 1. Breakfast is \$.05
 - 2. Lunch is \$.11
 - 3. Dinner is \$.11

D. Prorated Subsistence Allowances. The monthly BAS allowances will be prorated only for full days as is done for basic pay. Any change in status between BAS types (see subparagraph 250101.B, above) or between BAS and members subsisted in kind (following graduation from initial basic training), shall be credited on a full day basis without being subdivided or further prorated. The appropriate payments are as follows:

- 1. An enlisted member shall be entitled to the standard enlisted BAS rate for any day they are under orders for leave or PCS travel. This includes the day of commencement and day of termination of the status under those orders.
- 2. An enlisted member who changes BAS status at the direction or by permission of a commander, under blanket authority, or at the member's request shall have the entitlement change take effect at the beginning of the day specified in writing by the commander.

250104. Restrictions.

- A. Military members are not entitled to BAS under the following conditions:
 - 1. When undergoing Basic Military Training (BMT), including initial officer training (Officer Candidate School, Officer Training School) unless they have continuous prior enlisted service (active or reserve) at the time they start such training. In such cases, the member will be subsisted in kind.
 - 2. When in an excess leave status.
 - 3. When in an absent without leave status in excess of 24 hours, unless the absence is excused as unavoidable.

4. When on an approved educational leave of absence not exceeding 2 years.

5. When a member with no dependents is training for, attending or participating in Pan American games, Olympic games, or other specifically authorized international amateur sport competitions and the sponsoring agency subsists them during that period.

6. When serving a court-martial sentence that includes confinement and total forfeiture of pay and allowances. (BAS will be stopped on the date the sentence is adjudged and the member is confined or when total forfeitures become effective. In such cases, the member will be subsisted in kind.)

B. Enlisted BAS II is not authorized when a government mess is temporarily closed for less than 14 days, or when a member is on leave, assigned temporary duty (TAD/TDY) away from the permanent station, or in the hospital.

C. Except when in hospital undergoing treatment for injuries resulting from combat or certain hazardous duties, military members may not be provided meals or rations at no charge by or on behalf of the government while entitled to BAS for the same period of service.

D. Enlisted RIKNA is not authorized when a member is assigned to Essential Station Messing, except on the occasion of missed meals approved by appropriate determination for non-availability or impracticability in accordance with subparagraph 250102.F, above.

250105. Special Provisions.

A. Meal Collections. A military member being paid BAS must pay for all meals or rations received from a government mess or provided on behalf of the government (except under certain conditions of hospitalization). This is a personal obligation of the individual. Meals or rations may be paid for with cash tendered to the government mess, by collection/reduction of otherwise entitled subsistence travel per diem (a member under orders for EUM has no entitlement to subsistence travel per diem), or through pay account collection. When payment is made through pay account collection, it is not considered a deduction from or reduction of the entitled BAS, it is a collection for debt owed to the government.

1. Members receiving BAS while in certain situations, may have the payment for government provided meals made by mandatory pay account collection. These are circumstances where it is not feasible to control dining access or collect cash due to operational constraints or where efficiency of operation requires collection for all meals. When a commander/commanding officer requires mandatory collection, the pay account collection will be made for all meals available, whether the meals are actually eaten or not. Mandatory

collections are made day for actual day, not a 30 day month basis. Unless the member is receiving a per diem for subsistence, the collection will be at the discount meal rate. Mandatory pay account collection may be required in the following situations:

- a. Field duty
- b. Sea duty
- c. Group travel
- d. Accession Pipeline Military Training (APMT)
- e. Essential unit messing (EUM)
- f. Essential station messing (ESM).

2. Mandatory pay account collections for meals do not apply under the following conditions:

a. Members on official leave, in a permanent change of station status (including travel time and proceed time), in hospital, or on temporary duty (TAD/TDY) other than temporary duty to another situation requiring mandatory pay account collection for meals are exempt from mandatory collections. In these instances, pay account collections will be suspended or adjusted with a credit and the government mess will be responsible for collecting from the individual for any meals served.

b. Members who have missed meals certified under the same circumstances and authorities listed in subparagraph 250102.F, above, are exempt from mandatory collections and pay account collections will be suspended or adjusted with a credit.

3. Pay account collections will be at 25 percent of the discount meal rate for the first and last day of assignment in situations requiring mandatory collection. A member transitioning directly between two mandatory meal collection situations will be treated as though the collection period were continuous and will not receive the 25 percent reduced charge for the transition. The 25 percent reduced meal charge does not apply for leave periods. Full collections will be made on the duty days before and after the leave period.

4. In circumstances other than those requiring mandatory pay account collection, members receiving BAS will pay for meals obtained from a government mess or provided on behalf of the government by using cash or by collection/reduction of subsistence per diem from their travel claims. Members on JTF operations, under per diem travel orders, usually will have the subsistence portion of their per diem withheld or deducted from their travel reimbursement as payment for meals provided in theater. Members deployed on regular

TDY/TAD travel, who receive deductible meals (meals at “no cost”) will have the subsistence portion of their per diem reduced as payment for meals provided by or on behalf of the government.

5. The standard meal rate applies unless there is a specific exception allowing application of the discount meal rate. Members actually paid subsistence per diem for meals must pay the standard meal rate unless the per diem is withheld/disallowed as payment for the meals.

6. Members being subsisted by or on behalf of the government, where no other collection means exists or where normal collections were not made, may have collection for meals made through their pay account at the appropriate rate upon proper documentation for a debt owed to the government.

B. Meal Collection Disposition. Collections from individual pay accounts, for meals and rations provided by the government or on behalf of the government, will be credited to the appropriation specified by each Military Service.

C. Specialized Terms. The following definitions apply to specialized terms used in this chapter:

1. Essential Station Messing (ESM). Messing declared by the installation, base, or station commander responsible for single government quarters, that is essential to operate the government mess efficiently and economically, or that is necessary for the health and safety of enlisted personnel permanently assigned to single quarters. Those categories of enlisted members included in ESM will be charged for all meals made available whether eaten or not, except for approved missed meals.

2. Essential Unit Messing (EUM). Any group messing that an appropriate authority declares essential for operational readiness, military operations or effective training where members are required to use a government mess or meals provided on behalf of the government. Members shall be in a travel status and are entitled to travel reimbursement for incidental expenses, but not for subsistence. Designation for essential unit messing shall apply only to organizational units and to operational elements and detachments, not to individual service members. All members on duty under circumstances where EUM has been declared will be charged for all meals made available whether eaten or not, except for approved missed meals.

3. Field Duty. Any maneuvers, war games, field exercises, or similar operations where a member is assigned to a unit being subsisted in a dining facility operated by or on behalf of the U.S. Government or with an organization drawing field rations. Members may be on per diem orders. All members on field duty will be charged for all meals made available whether eaten or not, subject to approved missed meals.

4. Government Mess. See the Definitions.

5. Rations in Kind Not Available (RIKNA). A BAS entitlement status applicable to enlisted members on duty at a permanent station where a government mess is, in fact, not available or where it has been determined that it is impracticable for the government to furnish meals.

6. Sea Duty. Any service performed in a self-propelled vessel with berthing and messing facilities that is in an active status, in commission or in service. This term applies to members who are either permanent party or aboard for temporary duty. All members on sea duty not a member of an authorized private mess will be charged for all meals made available whether eaten or not, subject to approved missed meals.

7. Subsisted on Behalf of the Government. A condition in which meals or rations are furnished without charge by a government contractor or a foreign government, or through a fellowship, grant or intern program, while a member is receiving basic pay, either under the terms of a contract or agreement or on a complimentary basis. Unless a member is entitled to be Subsisted in Kind, subsistence provided on behalf of the government must be charged to the member.

8. Subsisted in Kind. Meals or rations furnished by or on behalf of the government at no charge when Basic Allowance for Subsistence or commuted rations are not otherwise payable to a member in a pay status.

D. Advance Payments. Advance payment of BAS is authorized under the circumstances specified in Chapter 32 of this volume.

E. Effect on Overseas Station Allowances. BAS is in addition to the overseas cost-of-living allowances authorized by Joint Federal Travel Regulations Volume 1 (JFTR), (reference d)).

2502 FAMILY SUBSISTENCE SUPPLEMENTAL ALLOWANCE (FSSA)

250201. General Provisions. The Family Subsistence Supplemental Allowance (FSSA) is established effective May 1, 2001 and will terminate September 30, 2006. The purpose of the allowance is to supplement an individual's Basic Allowance for Subsistence (BAS) to a level sufficient to remove that member's household from or obviate the need for benefits under the food stamp program. Officer and enlisted members entitled to BAS may also qualify for FSSA. Family Subsistence Supplemental Allowance is payable at a monthly rate not to exceed \$500 as determined by the military service concerned under the guidance provided by the Secretary of Defense. FSSA is a non-taxable allowance payable in addition to all other pays and allowances.

250202. Eligibility. Family Subsistence Supplemental Allowance is payable to any officer or enlisted member of the Armed Forces who meets all of the following criteria:

- A. Is serving on active duty and receiving BAS.
- B. Has a gross household income that would make the member eligible for assistance under the U.S. Department of Agriculture food stamp program for a given household size.
- C. Has made application for and been certified, at a specific payment level, by the appropriate office.

250203. Entitlement. FSSA is a monthly entitlement payable in whole dollar amounts not to exceed \$500. It is not payable to any member, otherwise entitled, during periods in a non-pay status.

- A. FSSA is payable in an amount that would bring the member's gross household income to 130 percent of the federal poverty line as established by the United States Department of Agriculture.
- B. For periods of less than a full month of entitlement, the FSSA will be prorated at 1/30 for each day of entitlement.
- C. If an eligible member is receiving food stamps, the amount of the entitlement will be equal to the calculated FSSA or the food stamp allotment, whichever is higher, not to exceed \$500.

250204. Application and Certification. Individual members must make application to the appropriate organizational element as designated by their respective Service. The appropriate Service organization will make all decisions regarding eligibility and the amount of entitlement and will provide final certification for payment to include the entitlement start date.

250205. Termination and Recertification. Certain events will cause the termination of entitlement unless reapplication and recertification are made. An eligible member may make reapplication up to 30 days prior to termination when an event that will require recertification is known in advance. Additionally, a member may make reapplication up to 30 days after an event that requires recertification without loss of continuity of entitlement. When reapplication is made within 30 days of an event that would cause termination, the recertification will have an effective date of the day following the event and any change in entitlement rate will be effective on that date. A reapplication will be treated as an initial application if more than 30 days lapse

before the reapplication is made following the date of an event requiring recertification. In such cases, continuity of entitlement will be lost and the date for termination of the entitlement will be the date of the event requiring recertification. Each of the following events require reapplication and recertification or termination of entitlement:

- A. When the monthly household income increases by \$100 or more as compared to the household income used as the basis of the member's current certified entitlement.
- B. When there is any decrease to household size.
- C. When the member is promoted. In the case of a promotion, the entitlement ends the day prior to the effective date of promotion.
- D. When executing a permanent change of station (PCS) move. In the case of a PCS move, the entitlement ends the day prior to the date the member officially reports for duty at the new duty station.
- E. Annually on February 1.

250206. Recoupment. The difference between the amount of the current entitlement and the amount being recertified (if less) will be recouped if, during recertification, it is determined that the member's gross household income increased by greater than \$100 more than 30 days prior to reapplication. The amount to be recouped will be calculated on a pro rata basis for each day following the date the increased income exceeded \$100 through the effective date of the recertification.

NOTES:

1. Collections from a member's pay account will be made only when the member has not otherwise paid for meals provided by or on behalf of the government (i.e., by cash, personal check or charge, or by deduction/reduction of per diem). Collections from pay will be deducted from the member's pay account and credited to the appropriation specified by the Military Service concerned.
2. The discount meal rate applies to meals and rations provided by or on behalf of the U.S. Government to a member not paid per diem or other travel reimbursement for subsistence who is performing duty in a U.S. Government vessel, a U.S. Government aircraft, on maneuvers, war games, field exercises, or similar operations, in a group travel status, under essential unit messing or assigned essential station messing. The discount meal rate also applies to meals and rations provided to a member assigned to Joint Task Force operations (for other than training) at temporary U.S. installations, or through a temporary dining facility.
3. The standard meal rate applies to meals and rations provided to any member not authorized the discount meal rate. This includes any member being paid per diem for subsistence, except those on Joint Task Force Operations as described in note 2. Generally, when the standard meal rate is applicable, it will be collected, in cash from the member, by the dining facility.
